The “Designer’s Choice Award Winning Series” offers outstanding designs by style—Country (American, French & English), Contemporary, Traditional and Olde World. The editors have selected a variety of the best examples of each design style from previous Kasmar publications.

In addition to the designer pages, we have included several key articles that include the very latest products, materials and design options to complete or inspire your new kitchen.

To purchase any one of these issues for \$12.95 or all four issues for \$39 (with free shipping and handling) go to www.kasmapub.com or call 800-253-9992 and be ready to choose your style.
